

The Federal Communications Commission

Dear The Federal Communications Commission,

Please do not add any more fees to our phone service. I pay a basic rate just to get service and the fees are already almost doubling my bill. I cannot afford more of them. Soon I won't be able to afford any service at all.

I almost never make long distance calls and should not have to pay for a universal service fund I consider this very unfair.

I use my cell phone for safety only. I don't want to have to give it up but it's becoming too expensive for me to keep.

Sincerely, Corinne Kennedy
